

Vous souhaitez vous équiper simplement mais efficacement au meilleur prix ?
Voici la commande type que je vous recommande (les yeux fermés)

Sur le site HobbyKing , tapez dans la barre de recherche les références, vous les mettez ensuite dans le panier ...

Vérifiez que vous commandez bien vos produits sur le stock Européen

The screenshot shows the HobbyKing website's shopping cart interface. At the top, there are navigation links: About Us, Arrivals, Forum, New Items (highlighted), News, and Contact. A shopping cart icon shows 'Total €100.78 11 item(s)'. Below the navigation is a search bar and a category menu on the left with options like Batteries, Workbench, Planes, Drones, FPV, Photography, Radios & Servos, Power Systems, 3D Printing & DIY, Cars & Bikes, Boats, Helicopters, Model Trains, Fun & Cool Stuff, and HobbyKing Deals. The main cart area is titled 'Shopping Cart' and includes a promotional message: 'Checkout now and earn 160 Reward points (€1.34) for this order. Your current balance is 1788 Reward points. Learn more...'. The cart contains four items:

Item	Qty	Warehouse	Stock	Product Description	Weight	Subtotal

Below the cart items is a 'CONTINUE SHOPPING' button. To the right, the 'Total Weight: 1648g' and 'Grand Total €100.78' are displayed. There are buttons for 'Checkout with PayPal' and 'Checkout'. Below these are sections for 'DISCOUNT CODES' and 'GIFT CARDS'. A warning box says 'Before you keep going We highly recommend you confirm the address details in the box below for the best shipping estimation.' Below this is a form to 'ESTIMATE SHIPPING AND TAX' with fields for Country (France), State/Province (Please select), and ZIP/Postal Code (91410). At the bottom, a shipping option is shown: 'Europe (EU)' with a flag icon, and 'Registered (Tracking) Parcel - Netherlands to France 1g - 49999g €7.51 Delivery 3~10 days'.

Pensez à trouver un transfo 220v / 12v continu de 2 à 5 ampères (ou+) pour alimenter les chargeurs

Pensez également à acheter des piles ou mieux des batteries rechargeables (R6) pour la radio, dans ce cas prenez un chargeur qui va avec (pour 4 éléments)
